ASSA ABLOY

Experience a safer
and more open world

The global leader in access solutions

ASSA ABLOY is the global leader in access solutions and a market leader in most of Africa, Europe, North America, South America, China and Oceania.

ASSA ABLOY was formed in 1994 through the merger of ASSA in Sweden and ABLOY in Finland. Since then ASSA ABLOY has grown from a regional company to an international group with 49,000 employees and annual sales of EUR 8.9 billion.

ASSA ABLOY is the global leader in access solutions and offers mechanical and

electromechanical locks, digital door locks, security doors, entrance automation, hotel security and secure identity solutions, primarily in identity and access management, as well as a number of other related products and services.

Using the latest technologies and tried-and-tested techniques, we are constantly developing innovative solutions that improve our customers' lives through greater security, safety and convenience.

Padlock and part number information

Modlock & Laminated Padlock Colours

XX is used in the part numbers. Each modlock colour is inserted into the part number for ordering purposes. Substitute XX with the number that represents the colour of your choice.

Modlock colours:

46 - Black	50 - Green
47 - Red	52 - Orange
48 - Blue	53 - Brown
49 - Yellow	56 - White

Laminated Padlock colours:

46 - Black	53 - Brown
47 - Red	56 - White
48 - Blue	58 - Purple
49 - Yellow	54 - Lime Green
50 - Green	57 - Light Blue
52 - Orange	59 - Pink

Nylon Lockout Padlock

Colours are denoted by a suffix in the part number

BRN - Brown	PUP - Purple
YEL - Yellow	GRN - Green
BLU - Blue	WHT - White
RED - Red	SIL - Silver
BLK - Black	PNK - Pink
ORG - Orange	

Need marked padlocks for easy identification?

Padlocks can be ordered with special markings for identification under the part number 15000000S

Components

Mushroom springs
Mushroom Driver Pins
Closing Pin
2.5mm Master Pins
2.5mm Key Pins

Padlock Keying Options

ABC	- Cascading Master Key System
KD	- Keyed to differ
KA	- Keyed Alike
MKD	- Master Keyed
GMK	- Grand Master Keyed
PMU	- Partially Made Up

Keyway Profiles

Profiles can be chosen for master key and keyed alike systems. Where Y features in a part number, replace with profile number

0 - Standard profile V01
1 - UNION profile
033 or 035 - Alternative profile

Please note:

Extra keys are available on request.

Master keyed padlocks are supplied with 2 keys per padlock on new systems. Existing systems are supplied without keys. Additional keys can be supplied on provision of permission letter from the registered end user.

Padlocks

30mm Padlocks

30mm Padlock Hardened Steel Shackle

UN333000000000

30mm brass padlock with 15mm hardened steel shackle

Ideal for use on lockers

Not recommended for coastal use

Available as keyed to differ, keyed alike or partially made up

30mm Padlock Stainless Steel Shackle

UN333000000200

30mm brass padlock with 15mm stainless steel shackle

Corrosion resistant

Suitable for coastal environments

Available as keyed to differ, keyed alike or partially made up

30mm Padlock Hardened Steel Long Shackle

UN333002003200

30mm brass padlock with 32mm hardened steel shackle

Not recommended for coastal use

Available as keyed to differ, keyed alike or partially made up

40mm Padlocks

40mm Padlock Hardened Steel Shackle

UN334000000000

40mm brass padlock with 20mm hardened steel shackle

Ideal for use on tool boxes and trailers

Not recommended for coastal use

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

Padlocks

40mm Padlocks

40mm Padlock Stainless Steel Shackle

UN334000000030

40mm brass padlock with 20mm stainless shackle
Ideal for use on tool boxes and trailers
Suitable for coastal use

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

40mm Padlock Hardened Steel Long Shackle

UN334002006300

40mm brass padlock with 63mm hardened steel shackle
Ideal for use on electrical panels

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm Padlocks

50mm Padlock Hardened Steel Shackle

UN335000000000

50mm brass padlock with 28mm hardened steel shackle
Ideal for external gates, sheds and storerooms

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm Padlock Hardened Steel Shackle

UN335000000030

50mm brass padlock with 035 keyway and 28mm hardened steel shackle
Ideal for external gates, sheds and storerooms

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm Padlock Hardened Steel Long Shackle

UN335002006300

50mm brass padlock with 63mm hardened steel shackle

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

Padlocks

50mm Padlocks

50mm Padlock Stainless Steel Shackle

UN335000000200

50mm brass padlock with 28mm stainless steel shackle

Ideal for use with a chain for added security

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm 3122 Replacement Padlock

UN335000500210

50mm brass padlock with 6mmx28mm stainless steel shackle 3122 series

Can be master keyed with a cylinder profile

Suited for coastal use

6mm shackle diameter

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm 3122 Replacement Padlock

UN335000000210

50mm brass padlock with 8mmx28mm stainless steel shackle 3122 series

Can be master keyed with a cylinder profile

Suited for coastal use

8mm shackle diameter

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

50mm Padlock Stainless Steel Shackle

UN335000000230

50mm brass padlock with 035 keyway and 28mm stainless steel shackle

Suitable for coastal use

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

Padlocks

60mm Padlocks

60mm Padlock Hardened Steel Shackle

UN336000000000

60mm brass padlock with 35mm hardened steel shackle

Ideal for trucks and containers

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

70mm Padlocks

70mm Padlock Hardened Steel Shackle

UN337000000000

70mm brass padlock with 42mm hardened steel shackle

Ideal for trucks and containers

Available as keyed to differ, keyed alike, master keyed, ABC or partially made up

78mm Insurance Padlocks

78mm Insurance Padlock

UN3845000XX2Y0

78mm insurance grade brass padlock with concealed hardened steel shackle

Ideal for roller shutter doors, gate motors and shop fronts

Better security due to limited access to shackle

Available as keyed to differ, keyed alike, master keyed or ABC

78mm Insurance Padlock

UN337800000030

78mm insurance grade brass padlock with 035 concealed hardened steel shackle

Ideal for roller shutter doors, gate motors and shop fronts

Better security due to limited access to shackle

Available as keyed to differ, keyed alike, master keyed or ABC

Padlocks

78mm Insurance Padlocks

78mm Armoured Padlock

UN337800090000

78mm armoured brass padlock with concealed hardened steel shackle
Stainless steel armoured jacket for added security
Suitable for coastal use

Available as keyed to differ, keyed alike, master keyed or ABC

78mm Armoured Padlock

UN337800090030

78mm armoured brass padlock with 035 keyway
concealed hardened steel shackle
Stainless steel armoured jacket for added security
Suitable for coastal use

Available as keyed to differ, keyed alike, master keyed or ABC

Nylon Padlocks (Modlock)

45mm Nylon Padlock

UN337800000000

45mm nylon padlock with 20mm 316 stainless steel shackle
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: purple, brown, yellow, blue, red, black, orange, lime green, white

45mm Nylon Padlock

UN3845008XX200

45mm nylon padlock with 28mm long 316 stainless steel shackle
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: purple, brown, yellow, blue, red, black, orange, lime green, white, green

Padlocks

Nylon Padlocks (Modlock)

45mm Nylon Padlock

UN3845002XX2Y0

45mm nylon padlock with 40mm long 316 stainless steel shackle
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: purple, brown, yellow, blue, red, black, orange, lime green, white, green

50mm Nylon Padlock

UN3850000XX2Y0

50mm nylon padlock with 20mm standard 316 stainless steel shackle
Higher security nylon padlock
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: brown, yellow, blue, red, black, orange, white, green

50mm Nylon Padlock

UN3850005XX2Y0

50mm nylon padlock with 30mm standard 316 stainless steel shackle
Higher security nylon padlock
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: brown, yellow, blue, red, black, orange, white, green

Padlocks

Nylon Padlocks (Modlock)

50mm Nylon Padlock

UN3850002XX2Y0

50mm nylon padlock with 48mm 316 standard stainless steel shackle
Higher security nylon padlock
Ideal for electrical environments (inside & outside)
fire-retardant nylon

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: brown, yellow, blue, red, black, orange, white, green

40mm Laminated Steel Padlock

UN3540008XX2Y0

40mm laminated steel padlock with 28mm 316 stainless steel shackle with waterproof plastic jacket and protective boot
Ball locking mechanism
Stronger and more secure

Available as keyed to differ, keyed alike, master keyed or ABC

Colours available: black, blue, yellow, green, orange and white, red

38mm Nylon Lockout Padlock

UN4044

38mm nylon lockout padlock with 50mm long 316 stainless steel shackle
Key retaining
Used to lock-out machinery that is undergoing maintenance
6 pins offering better security due to more key differs

Available as keyed to differ, keyed alike, master keyed or ABC

Finish:
White, purple, red, brown, orange, black, yellow, green and blue

Padlocks

Nylon Padlocks (Modlock)

38mm Aluminium Lockout Padlock

UN5055

38mm Aluminium lockout padlock with 32mm long hardened steel shackle

Used to lock-out machinery that is undergoing maintenance

Can be used in high heat environments

6 pins offering better security due to more key differs

Available as keyed to differ, keyed alike, master keyed or ABC

Finish:

Red, brown, black, yellow, blue, pink, purple, green, silver and orange

Discus Padlocks

Discus Padlock

400KA

Closed stainless steel shackle padlock for security application

Stainless steel body

Hardened steel shackle

5 pin tumbler

Snap Locking

Key to lock, key to unlock

Shackle spring loaded

Shackle retained on open

Padlock Accessories

Lockout Hasp

LX1964

Padlock locking plate with 6 individual locking holes 25mm

Used with UN4044 & UN5055

Lockout Hasp

LX1964-38UN

Padlock locking plate with 6 individual locking holes 38mm

Added lip on jaws to prevent forced opening

Red cover

47mm Padlock with 8mm Boron Shackle

MG47-7
MG47I
MG47C

47mm padlock with 8mm boron shackle and brass body nickel plated
Boron shackle offers higher level of security
Available in either patented or non-patented platforms

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Classic, Interactive & 7x7
Patented platforms: Interactive

47mm Padlock with 8mm Boron Shackle

MG47P-7
MG47PI
MG47PC

47mm padlock with 8mm protected boron shackle and brass body nickel plated
Protected shackle makes it harder to access shackle
Boron shackle offers higher level of security
Available in either patented or non-patented platforms

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Classic, Interactive & 7x7
Patented platforms: Interactive

55mm Padlock with Boron Shackle

MG55-7
MG55I
MG55C

55mm padlock with 8mm boron shackle and brass body nickel plated
Boron shackle offers higher level of security
Available in either patented or non-patented platforms

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Classic, Interactive & 7x7
Patented platforms: Interactive

Padlocks

Mul-T-Lock G-Series

55mm Padlock with Boron Shackle

MG55P-7
MG55PI
MG55PC

55mm padlock with 8mm protected boron shackle and brass body nickel plated
Protected shackle makes it harder to access shackle
Boron shackle offers higher level of security
Available in either patented or non-patented platforms

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Classic, Interactive & 7x7
Patented platforms: Interactive

Mul-T-Lock C-Series

50mm Padlock with 8mm Hardened Steel Shackle

MC8
MC8I

50mm padlock with 8mm hardened steel shackle and hardened steel body
High security padlock

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Interactive & Classic
Patented Platforms: Interactive

63mm Padlock with 10mm Hardened Steel Shackle

MC10
MC10I

63mm padlock with 10mm hardened steel shackle and hardened steel body
High security padlock

Available as standard, keyed alike, master keyed and grand master keyed
Platforms: Interactive & Classic
Patented Platforms: Interactive

Padlocks

Mul-T-Lock C-Series

73mm Padlock with 13mm Hardened Steel

MC13
MC13I

73mm padlock with 13mm hardened steel shackle and hardened steel body
High security padlock

Available as standard, keyed alike, master keyed and grand master keyed

Platforms: Interactive & Classic

Patented Platforms: Interactive

92mm Padlock with 16mm Hardened Steel

MC16
MC16I

92mm padlock with 16mm hardened steel shackle and hardened steel body
High security padlock

Available as standard, keyed alike, master keyed and grand master keyed

Platforms: Interactive & Classic

Patented Platforms: Interactive

92mm Padlock with 16mm Hardened Steel

MC16
MC16I

92mm padlock with 16mm hardened steel shackle and hardened steel body
High security padlock

Available as standard, keyed alike, master keyed and grand master keyed

Platforms: Interactive & Classic

Patented Platforms: Interactive

52mm Padlock with 13mm Hardened Steel

MC35
MC35I

52mm padlock with 13mm steel shackle and hardened steel body
High security padlock Ideal for use on shutter doors

Available as standard, keyed alike, master keyed and grand master keyed

Platforms: Interactive & Classic

Patented Platforms: Interactive

Padlocks

Mul-T-Lock NE-Series

54mm Padlock with 8mm hardened boron shackle

MNE-8GI

54mm padlock with 8mm hardened boron shackle
High security padlock for general use
Key retaining

Available as standard, keyed alike, master keyed and grand master keyed
Patented platform: Interactive

54mm Padlock with 10mm hardened boron shackle

MNE-10LI

*54mm padlock with 10mm hardened boron shackle

High security padlock for general use with protective shutter preventing dust build-up
Key retaining

Available as standard, keyed alike, master keyed and grand master keyed
Patented platform: Interactive

54mm Padlock with 10mm hardened boron shackle

MNE-10GI

54mm padlock with 10mm hardened boron shackle

High security padlock for general use
Key retaining

Available as standard, keyed alike, master keyed and grand master keyed
Patented platform: Interactive

54mm Padlock with 10mm protected hardened boron shackle

MNE-10HI

54mm padlock with 10mm protected hardened boron shackle

High security padlock with protected shackle making it difficult to tamper with shackle
Key retaining

Available as standard, keyed alike, master keyed and grand master keyed
Patented platform: Interactive

Padlocks

Mul-T-Lock NE-Series

64mm Sliding Bolt Padlock with 10mm hardened boron shackle

MSB-10GI

64mm Sliding bolt padlock with 10mm hardened boron shackle

High security padlock for use on shutter doors

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

66mm Padlock with 12mm hardened boron shackle

MNE-12LI

66mm Padlock with 12mm hardened boron shackle

High security padlock with protective shutter preventing dust build-up

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

66mm Padlock with 12mm protected hardened boron shackle

MNE-12HI

66mm Padlock with 12mm protected hardened boron shackle

High security padlock with protected shackle making it difficult to tamper with shackle

Protective shutter prevents dust build-up

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

80mm Sliding Bolt Padlock with 12mm hardened boron shackle

MSB-12GI

80mm Sliding bolt padlock with 12mm hardened boron shackle

High security padlock for use on shutter doors with protective shutter preventing dust build-up

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

Padlocks

Mul-T-Lock NE-Series

66mm Padlock with 14mm hardened boron shackle

MNE-14LI

66mm Padlock with 14mm hardened boron shackle

High security padlock with protective shutter preventing dust build-up

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

66mm Padlock with 14mm protected hardened boron shackle

MNE-12HI

66mm Padlock with 14mm protected hardened boron shackle

High security padlock with protected shackle making it difficult to tamper with shackle

Protective shutter prevents dust build-up

Key retaining

Available as standard, keyed alike, master keyed and grand master keyed

Patented platform: Interactive

Mul-T-Lock Hasp Lock

Hasp Lock

M51232716

Padlock and hasp in one unit

Prevents loss of padlock

Key retaining / non-retaining

Dust cover

Drill protection

Welded or bolted

Material:

Body: hardened steel investment casting

Bolt: 13 mm, hardened, and non-removable

Patented platform: Interactive

ABLOY Padlocks

PL321

A strong padlock for storage doors, gates and windows and trailers

Body Material: Brass

Shackle Material: Stainless Steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2 and Sentry platforms

Patented platforms: Protec2 and Sentry

Padlocks

ABLOY Padlocks

PL330

All purpose padlock of durable construction for storage doors, motorcycles, gates, trailers, power station switches and similar applications.

Body Material: Brass

Shackle Material: Stainless Steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2, Sentry, and Novel platforms

Patented platforms: Protec2, Sentry and Novel

PL340

Extra-strong padlocks for applications where high security is required

Ideal for construction equipment, tractor trailers and remote storage areas, trucks, storage bins, roller shutter doors, motorcycles and warehouses.

Body Material: Case-hardened steel

Shackle Material: Case-hardened boron steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2, Sentry, and Novel platforms

Patented platforms: Protec2, Sentry and Novel

PL341

Strong padlock for the doors, windows and gates of storage facilities, trailers, protective bars, storage lockers

Body Material: Brass

Shackle Material: Case-hardened boron steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2 and Sentry platforms

Patented platforms: Protec2 and Sentry

PL342

For applications where maximum security is required

Raised shoulders and a top loaded cylinder provide the highest level of security and protection
Typical applications include containers, railway wagons, trucks, heavy sliding doors and military uses

Body Material: Case-hardened steel

Shackle Material: Case-hardened boron steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2 and Sentry platforms

Patented platforms: Protec2 and Sentry

Padlocks

ABLOY Padlocks

PL350

Extra-strong padlocks for applications where high security is required

Ideal for construction equipment, tractor trailers and remote storage areas, trucks, storage bins, roller shutter doors, motorcycles and warehouses.

Body Material: Case-hardened steel

Shackle Material: Case-hardened boron steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2, Sentry, and Novel platforms

Patented platforms: Protec2, Sentry and Novel

PL362

For applications where maximum security is required

Raised shoulders and a top loaded cylinder provide the highest level of security and protection

Typical applications include containers, railway wagons, trucks, heavy sliding doors and military uses

Body Material: Case-hardened steel

Shackle Material: Case-hardened boron steel

Available as standard, keyed alike, master keyed and grand master keyed

Available in Protec2 and Sentry platforms

Patented platforms: Protec2 and Sentry

Yale Padlocks

Y110B/30/115/1

30mm Padlock

Supplied with 3 keys

Hardened steel shackle Ø 5.2mm

Solid Brass body

Suitable for basic security applications and indoor use

Tested to 96 hours for corrosion resistance & 10 000 opening/closing cycles

4 pin cylinder

Y110B/40/122/1

40mm Padlock

Supplied with 3 keys

Hardened steel shackle Ø 6.3mm

Double locking Solid Brass body

Suitable for basic security applications and indoor use

Tested to 96 hours for corrosion resistance & 10 000 opening/closing cycles

5 pin cylinder

Padlocks

50mm Padlock
 Supplied with 3 keys
 Hardened steel shackle Ø 8mm
 Double locking
 Solid Brass body
 Suitable for basic security applications and indoor use
 Tested to 96 hours for corrosion resistance &
 10 000 opening/closing cycles
 5 pin cylinder

YE130/70/165/1

70mm Discus Padlock
 Anti-cut, chrome plated
 Hardened steel shackle
 Spring loaded keyhole cover
 Tested to 96 hours for corrosion resistance
 Suitable for standard security application and outdoor use

YE3CB/38/131/1/S

38mm aluminium combination padlock
 Solid aluminum body
 Resettable 4-dial combination - 10 000 combinations to choose from
 Chrome plated steel shackle Ø 6mm
 Tested to 48 hours for corrosion resistance
 Suitable for basic security applications and indoor use

YE3CB/38/131/1/BK

38mm aluminium combination padlock
 Solid aluminum body
 Resettable 4-dial combination - 10 000 combinations to choose from
 Chrome plated steel shackle Ø 6mm
 Tested to 48 hours for corrosion resistance
 Suitable for basic security applications and indoor use

Padlocks

Yale Padlocks

YE3CB/38/131/1/CO

38mm aluminium combination padlock
Solid aluminum body
Resettable 4-dial combination - 10 000 combinations to choose from
Chrome plated steel shackle Ø 6mm
Tested to 48 hours for corrosion resistance
Suitable for basic security applications and indoor use

Y150B/30/125/1

30mm combination padlock
Solid brass body
Resettable 3-dial combination - 1 000 combinations to choose from
Chrome plated steel shackle Ø 5mm
Tested to 48 hours for corrosion resistance
Suitable for basic security applications and indoor use

Y150B/40/130/1

40mm combination padlock
Solid brass body
Resettable 4-dial combination - 10 000 combinations to choose from
Chrome plated steel shackle Ø 6mm
Tested to 48 hours for corrosion resistance
Suitable for basic security applications and indoor use

Y879/55/130/1

8mm hardened steel shackle
Protective covering made of ABS material
Resettable 4-dial combination
Suitable for standard security application and outdoor use

Padlocks

Yale Padlocks
